

Aaqib Javaid

Frontend Developer | React.js Developer

Address: Sialkot, Pakistan | **Email:** developeraaqibjavaid@gmail.com | **Phone:** +923453434382

Frontend Developer with 3+ years of experience building responsive web applications using React.js, JavaScript, Tailwind CSS, and REST APIs.

SKILLS:

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js

Styling: Tailwind CSS, Bootstrap

Libraries & Tools: Chart.js, Axios, Formik, Yup, React-Query, Next.js (Basic to Intermediate)

Backend Familiarity: Node.js, Express.js, MongoDB.

Developer Tools: Git, Git Flow, Postman, Jira, VS Code

WORK EXPERIENCE:

Front-End React Developer, Tradesposter | Australia (Remote)

January 2023 - Present

- Collaborated directly with Australian clients to deliver new platform features.
- Built and maintained reusable React.js components using Tailwind CSS.
- Worked closely with UI/UX designers to translate designs into production-ready interfaces.
- Improved code maintainability through component refactoring and architecture improvements.
- Provided technical support and resolved frontend issues in production.

Software Engineer, lyrix Technologies | Sialkot, Pakistan

June 2021 - Dec 2022

- Collaborated with UI/UX designers to transform Figma designs into responsive, production-ready user interfaces.
- Developed 20+ reusable React components used across multiple application modules.
- Improved page performance and reduced component rendering overhead through reusable React architecture and optimized API handling.
- Worked using HTML5, CSS3, JavaScript, Porto theme, and React to develop frontend UI/UX components.
